*ODR cannot list all possible rivers in Alaska. Preparation & judgment is required every time a boat is placed in the water. Off-limits areas listed above are due to whitewater, strong currents, and long dirt roads. Any body of water experiencing those conditions should be considered "off-limits," whether or not it is expressly listed.*

*Proceeding to an "off-limits" area with a boat from ODR may result in your Boater Safety card being revoked.*
